Save the Date to join TAG Health and Georgia HIMSS for the 2018 Health IT Day at the Capitol.

Please join us on Thursday, January 25th for Health IT Day at the Capitol, a day of celebration, learning, and connecting with the legislature.

TAG Health and Georgia HIMSS have teamed up to co-sponsor Health IT Day at the Capitol 2018. You're invited for a reading of the Health IT Day resolution in the Georgia Senate at 10 a.m. and then join us for lunch and a panel discussion by providers, payers, industry leaders and legislators.

The panel discussion will focus on cybersecurity, cyber-attacks and the impact on healthcare organizations. We'll address support needs within Georgia and also identify resources currently available.

Your presence is important – the health IT industry is a leading driver of Georgia's high tech economy and we want to make sure that the voices of the health IT community are heard.
